

## **Resume of Paul Alegado**

Paul is a principal consultant at PA Technology Consultants (PATCON). With over 20 years of practical experience in the fields of audio-visual technology and performance sound, he provides specialized services for facilities ranging from opera houses, concert halls and multi-purpose theatres to boardrooms, lecture halls, casinos, and sports facilities.

Over the course of his career, Paul has had the opportunity to experience every facet of a project ranging from pencilling an initial design and providing precise calculations, to computerized measurement of final system performance. Paul has experience as both a contractor and consultant, and he has gained the appreciation of designing and implementing technology projects.

Paul is a registered professional engineer in the provinces of British Columbia and Ontario.
